

Quality Policy Statement

The Faculty of Dentistry of the University of Debrecen (UD FoD) has a predominant role in dentistry education and healthcare services nationwide.

The management of the Faculty declares, in accordance with the Mission Statement, their commitment to applying an advanced management model that covers the regulated management and continuous development of education, therapeutic and preventive healthcare services, and research in order to improve the satisfaction of those participating in those processes.

The main objectives of the Faculty are the following:

- improving the quality of education and research in line with international standards;
- adjusting the quality of therapeutic and preventive healthcare services to international standards, by determining optimal and uniform criteria and standards.

In view of achieving the above objectives, the management of the Faculty finds it important

- to have colleagues with outstanding knowledge,
- to encourage training and further training,
- to humanise work environments,
- to recognise quality work and to apply motivation schemes,
- to make optimum use of resources,
- to provide those using the services of the Faculty with the opportunity to express their opinion, and to take such opinions into consideration when applying measures for quality improvement,
- to operate modern information and communication systems.

By declaring the quality policy of the Faculty, the management of the Faculty of Dentistry of the University of Debrecen expresses their responsibility and willingness to develop, maintain and improve a certified and modern quality management system for the Faculty, to continuously assess the results thereof and to provide for the conditions for such system.

The management of the Faculty ensures and raises awareness on that performance of high quality is essential for the success of the institution, and for the happiness of the students and employees.

Debrecen, 24 February 2020

Kinga Bágyi D.M.D., PhD.

Associate Professor

Dean of the Faculty of Dentistry
